DEALER:

Custom Designed High Quality Caravans For
LIFESTYLE, LEISURE AND ADVENTURE

La Vista

La Vista caravans are a Melbourne based family owned company, who a number of years ago decided to build caravans and pop tops which would stand above the rest.

We believe we have achieved this through our use of quality fitting, fixtures and exceptional workmanship and design.

Using those principals our first caravan was born THE MAJORCA, and to our great delight is receiving all the plaudits and commendations we could have only dreamed of.

We invite you to consider our range of caravans and pop tops, when purchasing your new van... we are sure you'll agree with our company mantra ...

"Twice The Value, Twice The Fun, Check Out The Quality, Its Second To None!"
